Solution: Reading and Writing Files

Quiz Solution: Flying Circus Cast List

```python
def create_cast_list(filename):
    cast_list = []
    with open(filename) as f:
        for line in f:
            name = line.split(",")[0]
            cast_list.append(name)

    return cast_list

cast_list = create_cast_list('flying_circus_cast.txt')
for actor in cast_list:
    print(actor)
```

Output:
